Re: FOIA Request # 2010-00586

Dear Mr. Urbina:

This letter is in response to your Freedom of Information Act (FOIA) request received in our office August 27, 2010. Having communicated with your office on a number of occasions, we understand that you are seeking records relating to details of any and all communications or information that mention a multitude of endangered and threatened species and species of concern in the Gulf region following the BP Deepwater Horizon disaster.

This letter is an advice of our supplemental provision of responsive records to our forth interim response. In this supplement, we are furnishing records responsive to your request on a medium that offers a higher resolution than the documents previously provided. Consequently, electronically stored images are provided in jpeg format (approximately 85 Megabytes) on the accompanying compact disc.

If you have any questions concerning the NMFS FOIA process please contact me at (301) 427-8484 or via email at gary.jackson@noaa.gov .

Sincerely,

Gary Jackson
FOIA/Records Coordinator
NOAA NMFS F/PR
