Re: FOIA request # 2011-00516

Dear Mr. Viles:

This letter relates to your Freedom of Information Act (FOIA) request that has been assigned the designation 2011-00516 by the National Marine Fisheries Service (NMFS). Your request originally sought information related to the BP Oil Spill and the impact of the spill on various types of marine life in the Gulf of Mexico.

On July 25, 2011 you requested that the scope or your request be altered. On October 18, 2011 you confirmed that you would like the scope of your request to reflect that you are seeking a copy of records that have been previously supplied to OCEANA in the NMFS FOIA request designated 2011-00408 that deals with "shrimp industry compliance with TED regulations", and that providing you with a copy of those records will fulfill your requirements for completion of the NMFS response.

You have been informed that the documents supplied to OCEANA that you are requesting a copy of will have redactions from previous processing relating to the withholding of Personal Identifier Information pursuant to 5 U.S.C. §552(b)(6) and (b)(7)(C) and as such, our provision to you of a copy with these inclusive redactions will constitute a full release of the records you have requested.

The responsive records that you requested accompany this correspondence and are provided on Compact Disc (1,938 pages combined pdf format). This full release completes our response to your request.

Should you have any questions regarding this request I may be contacted at (301) 427-8404 ext. 8484 or via email at gary.jackson@noaa.gov .

Sincerely,

Gary Jackson
FOIA coordinator
National Marine Fisheries Service
