

Disclosure Review Board Minutes

3/29/10

Attendees: Marie Pees, Arnie Reznick, Laura Zayatz, Susan Bucci, Judy Eargle, Phil Steel, Rebecca Rubiera, Jason Lucero, Tom Blatt; guest: Dave Raglin

1. NCVS 2009 quarters 3 and 4 PUF

This was approved.

2. ACS 2006-2008 Veterans

This was approved. The data will be rounded as all ACS special tabulations.

3. ACS PRB

This was approved. The data will be rounded as all ACS special tabulations.

4. ACS HUD tab by zip code

This is not yet a formal submission. We are just starting a discussion. DRB rules for medians and quantiles will be followed. Our understanding is that the values will be generated from an interpolated distribution. After the meeting, Phil S. sent us more information about ZCTAs vs. zip codes, and Marie confirmed that tabulation blocks will not be split to form ZCTAs. As a stand alone request, this seems fine. We do not want this to be a precedent, "no creep".

5. Geographic areas that shrink over time

This was tabled.

6. STP_409 Educational Attainment by Age and Sex

This was approved. The data will be rounded as all Census 2000 special tabulations.

7. Annual Profile of US Exporting Companies 2007/2008

This was approved.

8. Population counts for combining zones on the public use file for the special survey of New Orleans AHS 2009

This was approved.
