3/28/11

Attendees: Marie Pees, Laura Zayatz, Philip Steel, Philip Gbur, Tom Blatt, Judy Eargle, Arnie Reznick, Rebecca Rubiera, Susan Bucci, Mark Asiala

1. 08-09 annual profile of importing/exporting companies

This needs to be modified and thus was tabled.

2. PUMA criteria

Editing should work for those working at home. PUMA place of residence should be consistent with PUMA place of work.

3. Workplace/Migration Flows

a. Workplace For the requested tables, the number of required unweighted cases may be changed from 50 to 3. This parameter should not be altered for any more tables, because that would present a disclosure risk.

b. Migration Flows There must be 3 unweighted cases from 3 different households in a given pair of geographic areas for the data to be shown. This request must come back to the DRB each year.

4. 2010 SF4 & AIAN

This was approved. There must be at least 50 person interviews in an iteration group for the data to be shown.

5. (b) (6) request

This was tabled. No one received it in time.

6. NOAA

(b) (6) should do a test run. She will need a list of frozen primaries, complementaries, and previously published cells.

7. NCVS Quarters 3 and 4

This was approved.

8. 0406 (b) (6) (via email)

This was approved.
