4. Amendment to last week's HUD request

There are no changes to last week's ruling.

5. 2004 CPS ASEC and 2003 IRS IMF matched data.

Each universe (stub head in a table) should have at least 3 unweighted returns for the data to be shown.

6. PPT presentation from (b) (6)

This was approved.

7. STP_307 DOL/ETA

This is tabled and will be run by (b) (6) for sensitivity concerns. There is a subtraction that could result in the table for Group Quarters data.

8. STP_306 wage data

We will apply the same rules that were used from our June 6, 2002 memo on similar data.

9. GMT request to append 2005 AHS data

This request was denied because it would divide our current geographic areas into 66 pieces.
