

Disclosure Review Board Minutes  
10/15/07

1. California Migration Project (snail mailed) The controlled tables (pwgt) are ok. However, uncontrolled tables (which have 1 & 2s) show too much about the weighting and could damage protection in other data products. Tables 1a-f, 4 & 5 are approved. These are considered to be special tabulations and should be rounded.

2. (b) (6) Census 2000 Planning Database (b) (6) sent 10/1)

This was approved (we understand there are issues with how the rate is calculated and that is being addressed in a different forum). The only caveat is the approval is for a file using the list presented in the original email (b) (6) "version of 2000 PDB"). The email says "they include", but we are taking that to be an exhaustive of all "internal" items requested.....In speaking with (b) (6) after the meeting, the list is indeed exhaustive.

3. ACS paper on Disability (b) (6) sent 10/9)

The rules for medians should be applied to age in table 3. This was approved.

4. ST031 - ACS (b) (6) sent 10/9) Pumsable. Some lines had been reclassified, so not entirely a repeat. This was approved. The data will be rounded as all ACS special tabulations.
5. CPS ASEC - (b) (6) (b) (6) sent 10/9) It wasn't clear what criteria was being used for geography. Several of the disallowed seemed to be legit CPS geographies. (b) (6) will check this.  
Item was tabled.
6. CPS ASEC - (b) (6) (Marie sent 10/9) Pumsable. This was approved.
7. More from (b) (6) (snail mailed and/or (b) (6) sent 10/10) The graphs were ok. The averages were postponed until next week.
8. STP\_355 (b) (6) (b) (6) sent 10/10) This was approved. The same rule applies to the new tabulation. A threshold of 3 unweighted people in the universe for 80+, otherwise collapse to 75+. The data will be rounded as all Census 2000 special tabulations.
9. ACS partial year estimates (b) (6) sent 10/10) There is a fair amount of new territory here. Some issues may be mute when the request is specified. Tabled.
10. CPS poverty 1990-1997 (b) (6) sent 10/11) Pumsable. This was approved.
11. CPS 2007 - NBC news (b) (6) sent 10/11) Pumsable. This was approved.
12. Rounding updates (none)
