

## Disclosure Review Board Minutes

1/25/10

Attendees: Laura Zayatz, Marie Pees, Arnie Reznick, Jason Lucero, Judy Hubbard, Mark Asiala, Susan Bucci, Phil Gbur, Phil Steel, Rebecca Rubiera, Tom Blatt

1. (b) (6) request

This was approved.

2. ACS 2009

This was approved noting that:

B24125, B24126, and B24127 are only published for National level and it is consistent between 1, 3, and 5 year products.

B25025, B25026, B25027, and B25095 are published for tract level and above.

All 1 year data products are still subject to the 65,000 threshold.

All 3 year data products are still subject to the 20,000 threshold.

ACSO will not release Selected Population Profiles (SPPs) for 5-year (2005-2009) data and both 1 and 3 year SPPs are still subject to the same thresholds of 500,000 for the published geography and 65,000 or 20,000 for the iterated group.

One improvement and clarification will be made for next year's DRB package to clearly define what geography restriction means and provide the current geography restriction along with the proposed geography restriction. For example, ACSO will use N/A to indicate there is no change for this year and will list both Current and New to indicate the existing or proposed changes to the geography restriction starting next year, 2011.

3. AAG tables of IRS migration

This was approved. There will be a minimum of 10 unweighted cases in each table cell (to follow IRS rules).

4. Homeless Veteran Denominator Data

This was approved. The data will be rounded as all ACS special tabulations. DRB rules for means, medians, and aggregates will be applied.
