

Disclosure Review Board Minutes

1/31/11

Attendees: Laura Zayatz, Rebecca Rubiera, Arnold Reznick, Marie Pees, Mark Asiala, Phil Steel, Judy Eargle, Susan Bucci, Tom Blatt, Phil Gbur, Colette Heiston

1. (b) (6) request on NCVS

Laura will call (b) (6) about this. How will changes in geography between the old sample and new sample be handled? It is a good idea to omit size of place and whether the housing unit is located on Indian lands. The sample is probably too small for data swapping. Ensuring that every cell has at least 3 unweighted cases is desirable. Weight variation must be reduced. We don't want things to be able to be clustered in order for someone to figure out small pieces. ACSO staff may be able to help with collapsing.

2. ST075-41 (PRB)

This was approved. The data will be rounded as all ACS special tabulations.

3. ATUS PUF 2011

They can publish birth quarter but not month. The time absent from the current job and number of hours of leave should be topcoded.

4. 3 year ACS PUMS 07-09

This was approved.

5. AHS HUD assisted renters and their units 2007

This was approved. DRB rules for medians will be applied.

6. ACS tab for CMS

This was approved. The data will be rounded as all ACS special tabulations. DRB rules for means, aggregates, and medians will be applied. Complementary suppression must be applied for the aggregate tables (4. and 5.)

7. ACS DOJ CVAP

This was approved. The data will be rounded as all ACS special tabulations.

8. LEHD imputations for race, ethnicity, and education

This was approved.

9. CSD Annual Capital Expenditures

This was approved.

10. Health Insurance table shells

This was approved.

11. ACS 2010 request

This was tabled.

12. ST205 revisited

This was approved. There must be at least 3 relevant children from 3 different households for the data to be shown in any given geographic area.

13. Question on EEO special tab

This was tabled.

14. NAS school district request

This was approved. There must be at least 3 relevant children from 3 different households for the data to be shown in any given geographic area.

15. Custom tab of 2003 ACS data

This was approved. DRB rules for means, aggregates, and medians will be applied. The data will be rounded as all ACS special tabulations. Complementary suppression must be applied when necessary.

16. DRB review for NLS

This was tabled.
