

Disclosure Review Board Minutes

1/10/11

Attendees: Laura Zayatz, Rebecca Rubiera, Arnold Reznick, Marie Pees, Mark Asiala, Phil Steel, Judy Eargle, Susan Bucci, Tom Blatt, Phil Gbur

1. ACS PRB

Counties, Cities, and Metro Areas should be crossed to look for geographic slivers. The data will be rounded as all ACS special tabulations. Note that the rule being applied for medians (40 unweighted cases) did not come from the DRB. DRB rules for medians are documented elsewhere and are currently being revised at the request of ACSO.

2. ATUS Eldercare

The “other specifics” will not be on the public use file. Staff must topcode the number of people cared for and the number of years cared for.

3. NBER RDC (b) (6)

This was approved. There must be a minimum of 3 unweighted cases for dummy variables.

4. NIS eligible households --- (b) (6)

This was approved.

5. (b) (6) paper for EEA

This was approved.

6. NAS school district request

This was approved. The data will be rounded as all ACS special tabulations. There must be at least 50 unweighted cases for a school district or school attendance area for the data to be shown.

7. AHS assisted housing tables

This was tabled because members did not receive the request. We would like a summary, rather than 524 pages.

8. CES 0287-1525 (b) (6)

This was approved. DRB rules for medians will be applied.
