1. Decennial 1960-2000 and ACS (internal 2010) tabs  
This was approved. For small counts, they will use gini indices.
2. 1940 PUMS Record Layout  
This was approved.
3. AHS from the last meeting  
They may need to hotdeck around age thresholds. They will analyze this and provide us with the results. They will return with a formal request.
4. CBSA Exports  
This was approved.
5. July 11 Computer and Internet Use  
This was approved. They will topcode continuous variables and bottomcode year bought last computer.
6. CES followup questions  
They need to use the 10,000 national threshold for demographic variables, but not for paradata. They do not need to topcode the new expenses being introduced this time, but they always must check with us if any new ones are added.
