

Disclosure Review Board Minutes
3/5/12

Attendees: Marie Pees, Laura Zayatz, Philip Steel, Judy Eargle, Arnie Reznick, Rebecca Rubiera, Susan Bucci, Mark Asiala, Phil Gbur, Greg Weyland

1. Island Areas Summary File

This was approved. The top categories should contain at least 3% of the population in them.

2. Supplemental Poverty Measure

This was approved.

3. ASM Questions

When the publication estimate consists solely of a FBD tabulation level adjustment that was derived from the prior period data of one or two establishments, that estimate should be treated as a "D" for disclosure avoidance purposes. The "prot" value in the suppression program can be low for these rare cases, but a pattern must be established so that the value cannot be derived exactly.

4. 2010 Census STP (b) (6)

This was approved. There must be at least 50 unweighted people in the universe in a given geographic area for the data to be shown. The data will be rounded as all 2010 Census special tabulations.

5. Census Planning Database (b) (6)

This was approved. There must be either 0 or 3 or more unweighted housing units in an area in each mode for the data to be shown.

6. ACS SAIHE

This was approved.

7. VA period of service

This was approved (PUMS-able). There must be an average cell size of 3 unweighted cases in a given table.

8. 1960 materials

This was approved.
