2. NYCH&VS Longitudinal Link

This was approved.

3. Housing Units by Acreage

This was approved.

4. STP_293 LIHEAP for Congressional Districts

This was approved. The data will be rounded as all Census 2000 special tabulations.

5. 2002/2003 Annual Profile of US Exporting Companies

This was approved subject to the requirement that complementary suppression is performed across the relationship between small/medium exporters, large exporters, and total exporters.

6. Maps of Business Establishments in Areas Affected by Hurricane Katrina

The DRB agreed that “fact of filing” is an issue of concern. Also, we do not want to get too close to showing an exact location or address for an establishment. Perhaps the data points on the maps could be moved to the centroids of the FEMA areas, or we could publish a count of establishments in each red area.
