Disclosure Review Board Minutes
12/3/07

1. SIPP 2004 Wave 7 Annual Income and Retirement Accounts and the Taxes Topical Modules

   This was approved. When means of topcoded values appear on the files, they must be based upon at least 3 values.

2. American Time Use Survey Simultaneous Activities

   This was approved. In the future, we may need to revisit this issue if more activities become available in databases with time stamps.

3. Month or Quarter of Interview Addition to ACS PUMS

   (b) (6) was unable to attend. We will continue this discussion via email. We want to ensure that releasing month or quarter of interview does not give out additional geographic information that is not currently on the PUMS.

4. ACS 2006 for PAA Poster

   This was approved.

5. 524 (b) (6)

   This was approved.

6. 0412 (b) (6)

   This was approved.
